Ayn –

Totally hear you! We are researching our rules regarding our obligations to provide information about meetings with stakeholder groups.

Okay, now I'm beyond cranky. Teck, after Meera promised that they would let us know when they did outreach with US stakeholders, completely failed to do that. So I am not at all inclined to provide them with any information beyond what you've already shared. They're certainly free to attend a public city council meeting, but I do not think it's appropriate for them to be present for specific meetings with interest groups, so I'd suggest we be clear with them on that. And if Teck wants to know who is representing EPA, Meera can call me or Jason and ask that question. Okay, I'm over it now...

Ayn and Jason –

Strategies 360 is a PR firm contracted by Teck. I have already spoken with Glenn and wanted to double check whether you OK with me sharing your names and titles with him?

Also – I have let him know about our meeting with the public officials (he will likely be present) but he also wanted to have our schedule of meetings with other stakeholders. I said that was in the works, we have nothing yet on the books.

Myla,

Could you give me the names and titles of the EPA staff that will be joining you for the presentations in Eureka and Libby?

Thanks,

Glenn
